Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-M04A-1
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

Product Specification

- Range: Cow Milking Machine Replacement Parts
- Item: Cow Milking Machine Claw
- Capacity: 400CC
- Model: HL-M04A-1
- Liner Outlet Diameter: 14mm
- Weight: 0.5kg
- Cap Material: PPSU / PC
- Milk Outlet Diameter: 20mm
- Highlight: Dairy Production Milking Machine Cluster, 400CC Capacity Milking Machine Cluster

Product Description:

The milking machine claw is equipped with a shut-off valve, providing convenient control over the suction during the milking process. This feature allows for seamless operation and ensures optimal milk extraction from your dairy cows.

Designed as a replacement part for cow milking machines, this claw is compatible with a wide range of systems, making it a versatile and practical choice for dairy farmers. Whether you are setting up a new milking system or replacing worn-out parts, this milking claw is a reliable option.

The liner outlet diameter of this milking machine claw is 14mm, allowing for efficient milk flow and ensuring thorough milking of your dairy cows. With this optimal size, you can expect consistent performance and reliable results with each use.

Weighing just 0.5kg, this milking claw is lightweight and easy to handle, making it convenient for daily milking operations. Its compact design and manageable weight ensure user comfort and efficiency during milking sessions.

The claw type of this milking machine is a four-prong design, known for its stability and effectiveness in milking processes. The four-prong configuration provides secure attachment to the teats of your dairy cows, ensuring a reliable and consistent suction claw for cattle.

Whether you are a small-scale dairy farmer or managing a larger operation, this milking machine claw is a valuable asset for your milking system. With its durable construction, efficient design, and compatibility with various milking machines, this claw offers a reliable solution for dairy cow milking.

Upgrade your milking system with our high-quality dairy cow milking claw and experience improved efficiency, productivity, and milk extraction. Trust in the performance and reliability of this suction claw for cattle, designed to meet the needs of modern dairy farming.

Features:

Product Name: Milking Machine Claw

Item: Cow Milking Machine Claw

Weight: 0.5kg

Model: HL-M04A-1

Milk Outlet Diameter: 20mm

Range: Cow Milking Machine Replacement Parts

Technical Parameters:

Claw Base	Stainless Steel
Liner Outlet Diameter	14mm
Weight	0.5kg
Shut-off Valve	With Valve
Claw Type	Four-Prong
Milk Outlet Diameter	20mm
Air Outlet Dia.	10mm
Model	HL-M04A-1
Capacity	400CC
Item	Cow Milking Machine Claw

Applications:

Chuangpu's HL-M04A-1 Cow Milking Machine Claw is a versatile and efficient product designed for milk harvesting in various dairy farming scenarios. With its durable construction and high-quality materials, this milking cluster is suitable for a wide range of application occasions.

Whether you are a small-scale dairy farmer or a large commercial operation, the Chuangpu milking machine claw is a reliable tool for extracting milk from cows. Its PPSU/PC cap material ensures durability and longevity, making it ideal for daily use in demanding environments.

The stainless steel claw base of the milking machine claw provides stability and strength, ensuring a secure connection to the milking system. The liner outlet diameter of 14mm and milk outlet diameter of 20mm allow for efficient milk flow and easy maintenance. From milking parlors to mobile milking setups, the Chuangpu cow milk machine claw is a valuable asset for dairy farmers looking to streamline their milking process. Its versatile design makes it suitable for use with different types of milking machines, offering flexibility and convenience.

Whether you are milking a small herd of cows or managing a large-scale dairy operation, the Chuangpu HL-M04A-1 Cow Milking Machine Claw is a reliable and efficient solution for your milk harvesting needs. Trust in Chuangpu's expertise and quality craftsmanship to enhance your milking efficiency and productivity.

400CC Milk Claw

Model: HL-M04A-1

Capacity: 400CC

Material: PC/PPSU

Base: SS

Applicable: COW

Milk Outlet Dia: 20mm

Liner Outlet Dia: 14mm

Air Outlet Dia: 10mm

Weight: 0.5kg

Packing: carton
