

18.2mm Outlet Diameter Goat Milking Machine Claw 120ml Capacity For Optimal Milking Experience

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-M07
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

Product Specification

- Milk Outlet Diameter: 18.2mm
- Capacity: 120ml
- Shut-off Valve: Yes
- Usage: Goat And Sheep Milking Machine
- Material: PC
- Type: Claw
- Weight: 0.6kg
- Item: Goat Milking Machine Claw
- Highlight: **Goat Milking Machine Claw, 18.2mm Outlet Diameter Milking Machine Claw, 120ml Milking Machine Claw**

Product Description:

The Milking Machine Claw is an essential component for efficient milking processes, especially designed for goat and sheep milking machines. With a generous capacity of 120ml, this suction claw for cattle ensures smooth and effective milking operations. As a type of milking cluster, this claw features an air outlet diameter of 10mm, allowing for optimal air flow during milking sessions. The inclusion of a shut-off valve further enhances the functionality of this milking machine claw, providing control and convenience to the milking process.

Designed specifically for goat and sheep milking machines, this suction claw for cattle offers reliability and precision in milking operations. The 120ml capacity enables efficient milk collection, while the 10mm air outlet diameter ensures consistent suction power for thorough milking.

With the shut-off valve feature, users can easily regulate the flow of milk, enhancing the overall milking process. The durable construction of this milking machine claw ensures longevity and consistent performance, making it a valuable addition to any milking system.

Whether you are a professional farmer or a hobbyist, the Milking Machine Claw is a versatile and indispensable tool for efficient milking. Its compatibility with goat and sheep milking machines makes it a versatile choice for a variety of milking setups.

Experience the convenience and efficiency of this suction claw for cattle, designed to streamline milking processes and improve productivity. Invest in the Milking Machine Claw today and elevate your milking operations to new heights of efficiency and performance.

Features:

Product Name: Milking Machine Claw

Weight: 0.6kg

Material: PC

Shut-off Valve: Yes

Item: Goat Milking Machine Claw

Usage: Goat And Sheep Milking Machine

Technical Parameters:

Usage	Goat And Sheep Milking Machine
Item	Goat Milking Machine Claw
Milk Outlet Diameter	18.2mm
Capacity	120ml
Shut-off Valve	Yes
Weight	0.6kg
Air Outlet Diameter	10mm
Material	PC
Type	Claw

Applications:

The Chuangpu HL-M07 Goat Milking Machine Claw is a versatile and efficient dairy machine claw designed for small-scale goat milking operations. With a capacity of 120ml, this milking claw is lightweight at 0.6kg, making it easy to handle and use. Its compact size and durable build make it a reliable addition to any milking cluster setup.

The milking claw features an air outlet diameter of 10mm and a milk outlet diameter of 18.2mm, ensuring smooth and consistent milk flow during the milking process. Its high-quality construction and precision engineering make it ideal for use with goats, providing gentle and effective milk extraction.

Whether you are a small-scale goat farmer or a hobbyist looking to streamline your milking process, the Chuangpu HL-M07 Goat Milking Machine Claw is a perfect choice. Its reliable performance and user-friendly design make it suitable for a variety of milking scenarios, from daily milking routines to occasional milking sessions.

This milking claw is a valuable tool for anyone in need of a milking claw for cows, as its versatile design and efficient operation make it

suitable for a wide range of dairy applications. Whether you are milking a single goat or a small herd, the Chuangpu HL-M07 Goat Milking Machine Claw is a dependable and practical solution for all your milking needs. Originating from China, this high-quality milking claw is built to last and withstand the rigors of daily milking operations. Its durable construction and reliable performance ensure that you can count on it for years to come, making it a smart investment for any goat farming operation.
