Product Description:

The Milk Filter is an essential tool for dairy farmers and milk producers looking to ensure the highest quality of their milk products. This Superior Milk Filter is designed to efficiently filter out impurities and particles, resulting in clean and pure milk that is safe for consumption. With its Ultra-Fine Milk Filter capabilities, this product is able to remove even the smallest contaminants, providing a level of filtration that surpasses traditional methods. The dishwasher safe feature of this Milk Filter makes it easy to clean and maintain, allowing for convenient use time and time again.

The shape of this Milk Filter is a bowl, with an upper diameter of 346mm and a lower diameter of 158mm. This design allows for a large capacity of milk to be filtered at once, streamlining the filtering process and saving time for farmers and producers. Standing at a height of 246mm, this Milk Filter is sturdy and stable during use, ensuring that the filtration process is efficient and effective. The combination of its shape, diameter, and height make this product a reliable and practical choice for any milk production operation.

Features:

Product Name: Milk Filter
Function: Filtering Milk
Easy To Clean: Yes
Upper diameter: 346mm
Lower diameter: 158mm
Durability: High

Technical Parameters:

Shape	Bowl
Dishwasher Safe	Yes
Function	Filtering Milk
Durability	High
Lower diameter	158mm
Name	Milk Filter
Easy To Clean	Yes
Weight	0.53KG
Material	Plastic
Height	246mm

Applications:

Chuangpu's HL-MP47F Creamy Milk Filter is a versatile kitchen tool designed for filtering fresh milk with ease and convenience. Its innovative two-stage filtration system ensures that you get the purest and creamiest milk every time. Made in China, this milk filter is known for its high quality and reliability.

Whether you are a dairy farmer, a barista, or a home cook, the Chuangpu HL-MP47F Milk Filter is perfect for a variety of applications. Use it to filter out impurities and particles from freshly squeezed milk, ensuring a smooth and delicious taste in your beverages or recipes. Thanks to its dishwasher-safe feature, cleaning the HL-MP47F Milk Filter is a breeze, making it a convenient tool for busy individuals or commercial settings. With a weight of 0.53KG and a height of 246mm, this milk filter is lightweight and compact, making it easy to store and handle.

The bowl shape of the Chuangpu Creamy Milk Filter allows for efficient filtering and easy pouring, making it a user-friendly tool for both professionals and home users. Its easy-to-clean design ensures that maintenance is hassle-free, saving you time and effort in the kitchen. Whether you are frothing milk for cappuccinos, making homemade yogurt, or simply enjoying a glass of fresh milk, the Chuangpu HL-MP47F Milk Filter is the perfect companion for all your creamy milk needs. Experience the difference that a high-quality, two-stage milk filter can make in your daily routine.
