

Portable Milking Machine Parts Vacuum Gauge With In Orange/Green/Red Color Zone

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-MP40
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

Product Specification

- Measuring Range: 0-0.1Mpa
- Condition: New
- Function: Display Vacuum Pressure
- For: Portable Milking Machine
- Weight: 0.1Kg
- Color Zone: Orange/Green/Red
- Use: Milking Machine Accessories
- Name: Vacuum Gauge
- Highlight: Portable Milking Machine Vacuum Gauge, Green Milking Machine Vacuum Gauge, Milking Machine Vacuum Gauge

Product Description:

The Milking Machine Parts product is a crucial component for milking machine accessories, designed to enhance efficiency and productivity in dairy operations. This product is specifically tailored for milking machines and serves as an essential accessory for maintaining and optimizing the performance of milking equipment.

With a measuring range of 0-0.1Mpa, the Milking Machine Parts ensure accurate pressure readings during operation, allowing for precise control and monitoring of the milking process. This feature is essential for maintaining the proper functioning of the milking machine and ensuring consistent milk extraction.

When it comes to installation, the Milking Machine Parts are designed for easy and convenient setup. Simply insert the parts into the air tank of the milking machine, and they are ready to use. This hassle-free installation process saves time and effort, making it ideal for dairy farmers looking for efficient solutions for their milking operations.

As a brand-new product, the Milking Machine Parts are in pristine condition, guaranteeing high quality and reliability. This ensures that users can trust the durability and performance of the parts, leading to long-lasting use and minimal maintenance requirements. With a weight of just 0.1Kg, these parts are lightweight and easy to handle, further adding to their convenience and user-friendly design. In conclusion, the Milking Machine Parts are a must-have accessory for dairy farmers and milk producers looking to optimize their milking operations. With its precision measuring range, easy installation process, and durable condition, these parts are the perfect solution for enhancing the performance and efficiency of milking machines. Invest in the Milking Machine Parts today and experience the benefits of top-quality milking machine accessories for your dairy operation.

Features:

Product Name: Milking Machine Parts

Measuring Range: 0-0.1Mpa

Condition: New

Weight: 0.1Kg

Name: Vacuum Gauge

Use: Milking Machine Accessories

Technical Parameters:

Use	Milking Machine Accessories
Installing	Insert Into The Air Tank
For	Portable Milking Machine
Condition	New
Measuring Range	0-0.1Mpa
Color Zone	Orange/Green/Red
Function	Display Vacuum Pressure
Name	Vacuum Gauge
Weight	0.1Kg

Applications:

The Milking Machine Parts by Chuangpu, model number HL-MP40, are essential components designed for dairy machine operations. Originating from China, these new parts are lightweight, weighing only 0.1Kg, making them ideal for use as milking machine accessories. These vacuum gauges are specifically crafted for portable milking machines, providing accurate measurements for efficient milking processes. The compact design of the HL-MP40 parts ensures seamless integration with existing milking machine setups, enhancing productivity and performance.

Whether you are a small-scale dairy farmer or a commercial milk production facility, these milking machine components offer reliable functionality to meet your milking needs. The vacuum gauge included in the set allows for precise monitoring of pressure levels during milking, ensuring optimal milking machine performance.

From routine maintenance to replacing worn-out parts, the Milking Machine Parts by Chuangpu are versatile and compatible with various milking machine models. They are built to withstand the demands of daily milking operations, providing long-lasting durability and consistent performance.

Whether you are upgrading your existing milking equipment or expanding your dairy operation, these milking machine accessories are a valuable addition to your setup. Enhance the efficiency and effectiveness of your milking processes with the reliable and high-quality components offered by Chuangpu.

Product number: HL-MP40

Measuring range: -0.1~0Mpa

Diameter: 14mm

Weight: 0.1KG

**Product Usage: Measuring the vacuum
of a small milking machine**
