

## Milking Parlor Accessories 19.5mm Dia Vacuum Meter for Displaying Vacuum Pressure

### Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-MP41
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

### Product Specification

- Weight: 0.4KG
- Compatibility: Fits Most Milking Parlors
- Usage: Measuring The Vacuum Pressure
- Animal: Goats, Sheep, Cows, Cattles
- Measuring Range: 0-0.1Mpa
- Type: Milking Parlor Vacuum Meter
- Payment Term: T/T, Western Union, MoneyGram
- Highlight: **Milking Parlor Accessories Vacuum Meter, 19.5mm Dia Vacuum Meter, Displaying Vacuum Pressure Vacuum Meter**

### Product Description:

The Vacuum Gauge is an essential component of the milking parlor parts used in livestock milking systems. Specifically designed for cattle milking apparatus, this vacuum meter ensures accurate measurement of the vacuum pressure during the milking process. With a measuring range of 0-0.1Mpa, the Vacuum Gauge provides precise readings to maintain optimal vacuum levels required for efficient milking.

Designed for ease of use, the Vacuum Gauge is a reliable tool for dairy farmers and operators to monitor and control the vacuum pressure in the milking parlor. By accurately measuring the vacuum pressure, this component helps ensure the well-being of the animals and the quality of the milk produced.

Whether you are setting up a new livestock milking system or replacing worn-out parts in your existing cattle milking apparatus, the Vacuum Gauge is a crucial component that contributes to the overall efficiency and productivity of the milking process. Its durable construction and precise measurement capabilities make it a valuable addition to any dairy operation.

Ensure smooth milking operations and optimal milk production with the Vacuum Gauge as part of your milking parlor parts. Trust in its accuracy and reliability to support your livestock milking efforts and maintain the highest standards of quality and efficiency in your dairy operation.

### Features:

Product Name: Milking Parlor Parts

Weight: 0.4KG

Measuring Range: 0-0.1Mpa

Payment Term: T/T, Western Union, MoneyGram

Name: Vacuum Gauge

Type: Milking Parlor Vacuum Meter

### Technical Parameters:

Weight	0.4KG
Payment Term	T/T, Western Union, MoneyGram
Animal	Goats, Sheep, Cows, Cattles
Measuring Range	0-0.1Mpa
Name	Vacuum Gauge
Model	HL-MP41
Usage	Measuring The Vacuum Pressure
Compatibility	Fits Most Milking Parlors
Type	Milking Parlor Vacuum Meter

### Applications:

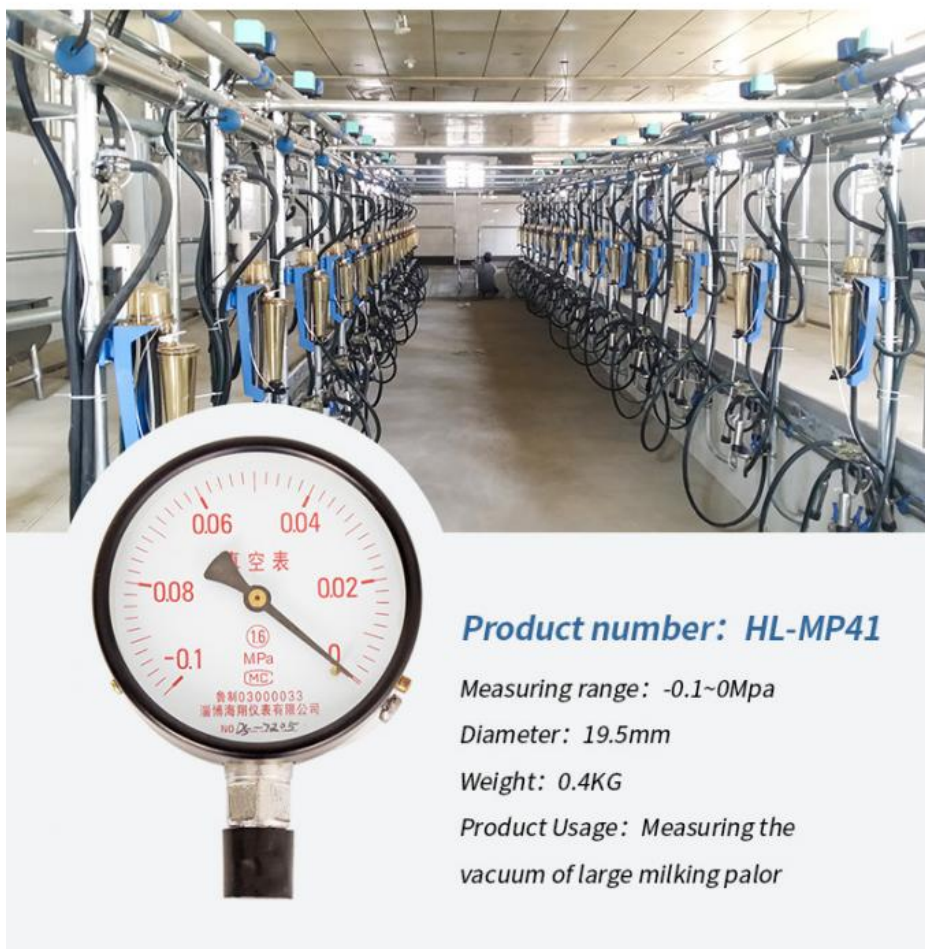

The Milking Parlor Parts by Chuangpu (Model: HL-MP41) from China are versatile accessories designed for various animal types such as goats, sheep, cows, and cattles. Weighing only 0.4KG, these milking parlor vacuum meters are essential tools for farmyard dairy contraptions and cow industry supplies.

These parts are suitable for a wide range of applications and scenarios in the milking industry. Whether you are a small-scale dairy farmer or a large commercial operation, the Chuangpu HL-MP41 parts are compatible with most milking parlors, making them a convenient choice for all users.

One of the key attributes of these milking parlor parts is their compatibility, ensuring they fit seamlessly into your existing setup. This compatibility feature makes them a popular choice among dairy farmers looking to enhance their milking process without investing in entirely new equipment.

When it comes to payment terms, Chuangpu offers flexibility by accepting T/T, Western Union, and MoneyGram. This convenient payment options make it easier for customers to purchase these essential milking parlor accessories without any hassle.

Whether you are looking to upgrade your milking parlor equipment or replace worn-out parts, the Chuangpu HL-MP41 parts are a reliable choice. Trust in the quality and efficiency of these milking parlor parts to streamline your milking process and improve overall productivity in your dairy operation.

**Product number: HL-MP41**

**Measuring range: -0.1~0Mpa**

**Diameter: 19.5mm**

**Weight: 0.4KG**

**Product Usage: Measuring the vacuum of large milking palor**

**Chuangpu Animal Husbandry Technology (Suzhou) Co., Ltd.**
