

Small Vacuum Capacity Milking Vacuum Pump with Low Consumption

Our Product Introduction

for more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China Mainland
- Brand Name: HL
- Certification: ISO
- Model Number: HL-V250
- Minimum Order Quantity: 1 set
- Price: Negotiable
- Packaging Details: Wooden Crate
- Delivery Time: 5 - 7 days
- Payment Terms: T/T, Western Union, Pypal
- Supply Ability: 500 sets / month

Product Specification

- Item: Milking Vacuum Pump
- Model: HL-V250
- Capacity: 250L
- Power: 1.1kw
- Speed: 1440rpm
- Type: Vane Pump
- Highlight: surge milker vacuum pump, dairy vacuum pump

Product Description

Small Vacuum Capacity Milking Vacuum Pump with Low Consumption

Quick Details:

- small milking machine vacuum pump
- goat milking machine vacuum pump
- small electric vacuum pump with 250L capacity
- rotary vacuum pump with vacuum pump oil lubricating pump vane

Description:

The milking vacuum pump is the heart of the milking machine. Regular servicing helps preserve the vacuum reserve. Various capacity vacuum pump with different motor power be supplied for choosing. The heavy duty body of the milking vacuum pump is constructed from chemical resistant cast iron, making it durable to any environmental working conditions.

The function of milking vacuum pump is to extract air from the milking machine system through the belt driven. This milking vacuum pump gives flexibility with speeds ranging from about 800–1500 r/min and a corresponding angel of pump capacities to suit different sizes of milking machines.

One whole set milking vacuum pump consists of vacuum pump, silencer (stainless steel muffler), oil can (oil pot), belt (pulley) and some rubber parts. And the pump vane of vacuum pump kits is made of fiber material.

Specification:

Capacity (L/min)	250	300	550	850	1500	2100
Pump Speed (r/min)	1440	1440	1440	1440	1440	1440
Vacuum Degree(Kpa)	50	50	50	50	50	50
Noise (Db(A))	≤50	≤50	≤60	≤70	≤70	≤70
Ultimate Vacuum(Mp)	≤90	≤90	≤90	≤90	≤90	≤90
Motor Power(kw)	1.1	1.1	2.2	3	4	5.5
Weight(kg)	13.5	14	31	36	57.5	69.5
Size(L×W×H) (mm)	230*220*220	230*220*220	280*270*220	300*220*220	430*230*230	390*290*290

Note: The above parameters for reference only!

Features:

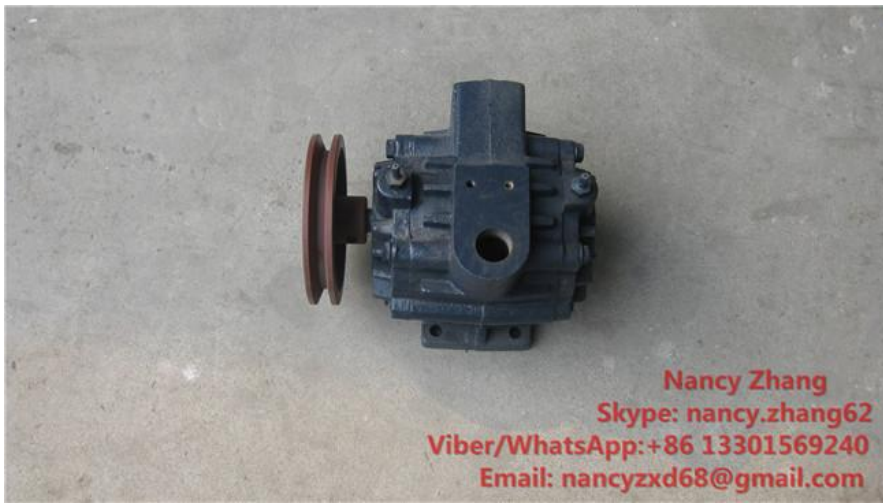

- Suitable for milking parlor, automatic milking system and milking machine;
- Comfortable and reasonable appearance design;
- Reasonable silencer to reduce the noise;
- Vacuum air circle fast and rapid;
- Perfect oil pot, save oil.

Application:

The milking vacuum pump is the heart of the milking machine system, through extracting air, the vacuum pump help the milking machine system finish the sucking fresh milk from animals and collect milk through piping into milk tanker, milk bucket, milk receiver. This milking vacuum pump gives flexibility with speeds ranging from about 800–1500 r/min and a corresponding angel of pump capacities to suit different sizes of milking machines and milking system.
