Product Description

Cattle Farms Milking Machine Spares 300ml Plastic Return Teat Dipper

Quick Details:

- cow teat dipper cup
- plastic teat dipper cup with blue color
- disinfection tools for cows, cattles teat
- 300ml plastic return teat dipper
- cow return foaming teat dip cup
- molded-in hook for hanging on belt or rail

Description:

Teat dip cup has two types: Non-return teat dip cup and Return teat dip cup.

The teat dip cup is an indispensable tool on the dairy for the important task of pre- and post-dipping. Two colors teat dipper always keep stockpile, other colors are customizable. The non-return dipper has a deep inner liner in the cup which keeps used dip from returning to the reservoir. Same with Ambic dipper, our teat dip cup is a kind of angled cup, has a wide splash-proof lip which could hold 30ml(1 oz) of dip and allows the user to easily reach all four quarters. The dipper is made of tough, durable, chemical-resistant materials and features a wide mouth for easy filling. Non-return teat dip cup is made of food grade material, tough, durable and nontoxic, which has been approved by ISO9001:2008 certificate, has various color for choosing, normally blue and green;

Features:

- Sticker logo available;
- Return and Non-return type for choosing;
- Molded-in hook for hanging on belt or rail;
- Wide bottle top for quick and easy refill;
- Food grade material, tough, durable and nontoxic;
- Chemical resistant material, with cold resistant property;
- Single-top molding and integral splash-ring for better hygiene & easier cleaning;

Specification:

- Model: HL-MP57
- Item: Return teat dip cup
- Type: Return
- Color: blue cover
- Applicability: cows, cattles, goats, sheep etc.

Application:

1. The non-return type teat dipping cup is an indispensable tool on the dairy for the important task of pre- and post-dipping.
2. Non-return teat dipper cups are very useful for treatment of black-pock and other teat lesions;
3. Non-return teat dip cup is the special tool for disinfecting the animal's teat;
