### Product Description:

The Milking Machine Bucket is an essential tool for dairy farmers looking to efficiently and effectively milk their cows. This high-quality product is designed to streamline the milking process, making it easier and more convenient for both the farmer and the cows. With a weight of 9KG, this Milking Machine Bucket is lightweight and easy to transport, making it ideal for use in various farming environments. The bucket is made of durable PC material, ensuring its longevity and resistance to wear and tear.

The Milking Machine Bucket features a lid with 3 ports, allowing for easy access and efficient milking. This design helps to prevent spills and contamination, ensuring that the milk is collected safely and securely.

For dairy farmers looking to optimize their milking process, the Milking Machine Bucket comes equipped with all the necessary group parts, including the Milk Cluster Group, Milk Pulsator, Milking Tube, Pulse Tube, and Milk Bucket. These components work together seamlessly to ensure a smooth and efficient milking experience.

Whether you are a small-scale dairy farmer or a large commercial operation, the Milking Machine Bucket is a versatile and reliable tool that can help you streamline your milking process and increase your productivity. With payment options including T/T, Paypal, and Western Union, purchasing this essential piece of equipment is convenient and hassle-free.

Overall, the Milking Machine Bucket is a must-have for dairy cattle milkers looking to improve their efficiency and productivity. Its durable construction, convenient features, and compatibility with a range of group parts make it a valuable addition to any farm operation.

### Features:

Product Name: Milking Machine Bucket Group -----

Long Milk Tube: 3M

Payment: T/T, Paypal, Western Union

Compatibility: Fits Most Milking Machines

Animal: Cow

### Technical Parameters:

Milk Claw Type -----	Cow Milk Claw With 4 Teat Cups -----
Group Parts	Milk Cluster Group, Milk Pulsator, Milking Tube, Pulse Tube, Milk Bucket
Bucket Material	PC
Height	485mm
Long Milk Tube	3M
Long Pulse Tube	3M
Pulsator	L80 Pneumatic Pulsator
Animal	Cow
Compatibility	Fits Most Milking Machines
Buckets Capacity	32L

### Applications:

The Chuangpu HL-MP25D Milking Machine Bucket is a versatile and essential tool for various livestock milking applications. Whether you are a small-scale dairy farmer or a large commercial operation, this milking machine bucket is designed to meet your needs efficiently and effectively.

With its durable PC material construction, the Chuangpu milking machine bucket is built to withstand the rigors of daily use in a busy dairy operation. The 3M long milk tube provides flexibility and convenience during milking sessions, allowing for easy maneuverability around the livestock.

Weighing just 9KG, the mobile milking container is lightweight and portable, making it easy to transport and use in different locations on the farm. The 3 lid ports offer versatility in connecting various milking accessories, ensuring a seamless milking process.

Whether you are milking dairy cattle, goats, or sheep, the Chuangpu HL-MP25D Milking Machine Bucket is suitable for a wide range of livestock. Its versatility and ease of use make it a valuable tool for any dairy operation. Payment methods such as T/T, PayPal, and Western Union are accepted, making it convenient for customers to purchase this essential dairy cattle milker. Designed and manufactured in China, the Chuangpu milking machine bucket combines quality craftsmanship with affordability.
