

300CC Milk Claw Milk Collection System With Durable Stainless Steel 201 Shell Model

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-MP26B
- Minimum Order Quantity: One Set
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 7-10 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 500SETS/Month

Product Specification

- Shell Model: Stainless Steel 201
- Liner Model: 295U Long Milk Liner
- Animal: Cow
- Consists Of: Milk Claw, Milk Liner, Milk Shell, Short Pulse Tube
- Suitable For: Vacuum Pump Milking Machine Parts
- Model: HL-MP26B
- Name: Cow Milking Cluster Group
- Cluster Shell Material: Stainless Steel
- Highlight: **201 Shell Milk Claw, Durable Stainless Steel Milk Claw, 300CC Milk Claw**

Product Description:

The Milking Cluster Group product is an essential component of any milk collection system, designed for use in cow milking apparatus and milk production units. This product features a cluster liner made of high-quality rubber, ensuring optimal performance and durability during milking operations.

The cluster shell of this product is constructed from stainless steel, providing excellent resistance to corrosion and wear, making it a reliable choice for long-term use. The milk claw included in this milking cluster group has a capacity of 300CC, allowing for efficient milk collection and transfer.

For enhanced milking efficiency and cow comfort, this product is equipped with the 295U Long Milk Liner model. This liner is designed to provide a snug and secure fit during milking, ensuring proper milk extraction while minimizing discomfort for the cows.

The Milking Cluster Group product is specifically designed for use with vacuum pump milking machine parts, making it compatible with a wide range of milking systems. Whether used in small-scale dairy farms or large milk production facilities, this product offers reliable performance and ease of use.

Features:

Product Name: Milking Cluster Group

Name: Cow Milking Cluster Group

Cluster Liner Material: Rubber

Consists of:

Milk Claw

Milk Liner

Milk Shell

Short Pulse Tube

Shell Model: Stainless Steel 201

Suitable For: Vacuum Pump Milking Machine Parts

Technical Parameters:

Milk Claw	300CC Milk Claw
Model	HL-MP26B
Shell Model	Stainless Steel 201
Cluster Liner Material	Rubber
Name	Cow Milking Cluster Group
Cluster Shell Material	Stainless Steel
Used For	Dairy Farm Milking Parts
Animal	Cow
Suitable For	Vacuum Pump Milking Machine Parts
Consists of	Milk Claw, Milk Liner, Milk Shell, Short Pulse Tube

Applications:

The Chuangpu HL-MP26B Milking Cluster Group is a versatile product designed for various dairy milking applications. This milking cluster group, originating from China, is specifically suitable for use with vacuum pump milking machines as a crucial part of the bovine milking mechanism.

One of the key components of this milking cluster group is the Liner Model 295U Long Milk Liner, made from durable rubber material. This liner is essential for maintaining a hygienic and efficient milk collection system during the milking process.

The shell of the Chuangpu HL-MP26B is constructed from high-quality Stainless Steel 201, ensuring durability and resistance to corrosion.

in the demanding dairy farm environment. This material choice also contributes to the overall longevity and reliability of the milking cluster group.

Designed primarily for cow milking, the Chuangpu HL-MP26B Milking Cluster Group is a dependable choice for dairy farmers looking to optimize their milking operations. Whether in small-scale or large-scale dairy farms, this product offers consistent performance and ease of use.

Whether you are milking a single cow or multiple cows in a herd, the Chuangpu HL-MP26B Milking Cluster Group is a valuable tool in the dairy milking process. Its efficient design and high-quality components make it a reliable choice for any dairy operation looking to streamline their milk collection system.

HL-MP26B Milk Cluster Group:

- 3000CC Milk Claw (Stainless Steel Base)*1
- 295U Milk Liner *4
- Stainless Steel Milk Cup*4
- MP36 Short Air Tube*4
