

Milking Machine Parts 26L Glass Milk Bottle Perfect Milk Measurement Solution

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-G02
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 7-10 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

Product Specification

- Weight: 7.6 Kg (reference)
- Down Dia.: 38mm
- Port: Ningbo Or Shanghai
- Material: High Borosilicate
- Thickness: 4-6mm
- Application: For Collecting Milk And Measuring In Milking Parlor
- Installation Method: Using Bracket To Support And Fix In Milking Parlor
- Logo On Body: Acceptable
- Highlight: **Glass Milk Bottle,
Milking Machine Parts Milk Bottle,
26L Glass Milk Bottle**

Product Description:

The Milk Meter, also known as the Delaval Glass Milk Meter or Glass Milk Jar, is a crucial tool for dairy farms looking to accurately measure milk flow and production. Weighing approximately 7.6 Kg, this device is designed to provide precise measurements and data for farm production sensors.

Equipped with a scale display, the Milk Meter ensures easy and convenient reading of milk flow rates. Its innovative design allows for efficient monitoring of milk quantities, making it an essential instrument for dairy farmers seeking to optimize their production processes. The Milk Meter features a down diameter of 38mm, enhancing its compatibility with various dairy equipment and systems. With its reliable performance and durable construction, this product is a dependable solution for measuring and managing milk flow on the farm.

Whether used in Ningbo or Shanghai, the Milk Meter delivers consistent and accurate results, contributing to improved efficiency and productivity in dairy operations. With its precision engineering and user-friendly interface, this device streamlines the milk measurement process, empowering farmers to make informed decisions and enhance overall farm performance.

Features:

Product Name: Milk-Meter

Down Dia.: 38mm

Model: HL-G02

Packing: Single Packaging, Foam Interlayer

Logo on Body: Acceptable

Weight: 7.6 Kg (reference)

Technical Parameters:

Attribute	Value
Application	For Collecting Milk And Measuring In Milking Parlor
Down Dia.	38mm
Upper Dia.	35mm
Port	Ningbo Or Shanghai
Material	High Borosilicate
Weight	7.6 Kg (reference)
Model	HL-G02
Packing	Single Packaging, Foam Interlayer
Display	Scale
Volume	26L

Applications:

The Chuangpu HL-G02 Glass Milk Meter is a versatile and essential tool for dairy farmers, designed to accurately measure and monitor milk yield from cows. Made from high-quality High Borosilicate material with a thickness of 4-6mm, this durable glass milk meter is built to withstand the rigors of daily farm use.

One of the key features of the Chuangpu HL-G02 Glass Milk Meter is its precise measurement capabilities, making it an ideal product for dairy farmers looking to accurately track their cows' milk production. The milk yield calculator included in the meter allows farmers to easily record and analyze the milk output of each cow, helping them make informed decisions about feeding, breeding, and overall herd management.

This Glass Milk Meter from Chuangpu is suitable for a variety of product application occasions and scenarios. Whether used in a small-scale dairy farm or a larger commercial operation, this reliable tool provides valuable data to optimize milk production efficiency. The ability to customize the meter with a logo on the body makes it a professional and branded asset for any dairy farm.

Originating from China, the Chuangpu HL-G02 Glass Milk Meter combines quality craftsmanship with innovative technology to meet the needs of dairy farmers worldwide. Its user-friendly design and accurate measurements make it a must-have tool for any farmer seeking to maximize their herd's productivity.

Product
parameters

创普机械 Chuang Pu

Style 1

Product number: HL-G01
Product material: Glass
User target audience: For Cattle
Capacity: 28L
Usage: Used for milk metering milk flow

Style 2

Product number: HL-G02、HL-G02A
Product material: Glass
User target audience: For Cattle
Capacity: 26L、32L
Milk tube interface diameter:
38MM、37.5MM、18MM
Usage: Used for milk metering milk flow
