Product Description:

The Milk Shell is a versatile accessory that can be used for milking cows efficiently. Its black color adds a sleek and professional look to the milking setup, while also making it easy to spot and handle during milking operations.

Whether you are milking a single cow or managing a large dairy operation, the Milk Shell is a reliable and sturdy choice for your milking needs. Made from high-quality stainless steel, this milk shell is designed to withstand the rigors of daily milking routines, ensuring consistent performance and longevity.

For dairy farmers looking for a dependable and durable milking shell for their cows, the Milk Shell is an ideal choice. Its universal compatibility, durability, and sleek black design make it a practical and reliable accessory for milking operations.

With the Milk Shell, milking cows becomes more efficient and convenient. The stainless steel construction ensures easy cleaning and maintenance, while the black color adds a touch of elegance to your milking setup.

Whether you are milking goats or cows, the Milk Shell is a versatile accessory that offers reliable performance and durability. Its compatibility with various milking machines makes it a convenient choice for dairy farmers seeking a high-quality milking shell.

In conclusion, the Milk Shell is a top-notch accessory for milking cows, offering durability, compatibility, and efficiency. Its black color and stainless steel construction make it a practical and reliable choice for dairy farmers looking to enhance their milking operations.

Features:

Product Name: Milk Shell

Inflation Model: For Delaval 009 Liner

Weight: 140g

Compatibility: Universal
