## Product Description

### Product Description:

The Hoof Pad And Glue product is a highly effective solution designed for cow hoof protection and repair. With a thickness of 2CM and a weight of 94g, this product is specifically crafted to provide optimal support and reinforcement for cow hooves.

Measuring at 12.3×5.5 Cm, the Hoof Pad And Glue is the ideal size for ensuring a secure fit and reliable performance when applied to cow hooves. Its model, HL-Q30A-3, showcases the quality and precision engineering that goes into the design of this essential hoof care product.

Whether used for preventive measures or in cases of hoof damage, this hoof pad and glue combination offers a versatile and durable solution for maintaining the health and integrity of cow hooves. The strategic thickness of 2CM provides ample cushioning and protection, making it an excellent choice for various hoof conditions.

When it comes to hoof care, the Hoof Pad And Glue product stands out for its ease of use and effectiveness in addressing common hoof issues. The specialized design ensures a proper fit and adherence to the hoof, offering stability and comfort for the animal.

For farmers and livestock owners looking to enhance the well-being of their cows, the Hoof Pad And Glue is a reliable option that delivers results. Its lightweight construction at 94g makes it convenient to handle and apply, while still providing the necessary support for optimal hoof health.

By incorporating this product into regular hoof maintenance routines, users can significantly reduce the risk of injuries and promote overall hoof strength. The Hoof Pad And Glue serves as a proactive solution for addressing potential hoof problems before they escalate, ultimately saving time and resources in the long run.

With its emphasis on cow hoof protection and repair, the Hoof Pad And Glue is a must-have addition to any livestock care toolkit. Its high-quality materials and precise dimensions ensure a consistent and reliable performance, giving peace of mind to those responsible for the well-being of their animals.

Investing in the Hoof Pad And Glue means investing in the long-term health and durability of cow hooves. Its practical size, weight, and model specifications cater specifically to the needs of livestock owners, offering a practical and efficient solution for hoof maintenance.

### Features:

Product Name: Hoof Pad And Glue

Weight: 94g

Feature: Lightweight And Durable

Length: 12.3CM

Thickness: 2CM

Width: 5.5CM

### Technical Parameters:

Model	HL-Q30A-3
Length	12.3CM
Width	5.5CM
Can Be Used With Or Without Shoes	Yes
Material	Rubber
Weight	94g
Size	12.3×5.5 Cm
Feature	Lightweight And Durable
Usage	For Hoof Protection And Repair
Thickness	2CM

### Applications:

One of the standout features of this product is its lightweight and durable nature, making it suitable for a wide range of applications. Whether you are a professional working with livestock or a farmer looking to provide the best care for your cows, the ChuangPu HL-Q30A-4 Cow Hoof Pad And Glue is a reliable choice.

Thanks to its design, this product can be used with or without shoes, offering flexibility in how it can be incorporated into your hoof care routine. The size of the pad is 12.3×5.5 cm, providing ample coverage for cow hooves, while the weight of 94g ensures ease of handling. Whether you are dealing with hoof cracks, injuries, or simply looking to provide additional support and protection for your cows, the ChuangPu HL-Q30A-4 Cow Hoof Pad And Glue is a versatile solution. Its model, HL-Q30A-3, is crafted to meet the specific needs of cow hoof care, ensuring optimal performance and durability.

From dairy farms to veterinary clinics, the ChuangPu HL-Q30A-4 Cow Hoof Pad And Glue product finds its place in various settings where cow hoof care is paramount. With its lightweight design, durable construction, and compatibility with or without shoes, this product offers a reliable solution for maintaining healthy and strong cow hooves.
