Product Description

Product Description:

The Hoof Pad And Glue product, model HL-Q30C-1, is an essential tool for maintaining the health and well-being of your livestock, particularly for cows. Measuring 11×5 cm in size, this cow hoof pad is designed to provide support and protection to the hooves, ensuring the comfort and mobility of your animals.

The hoof pad is made of high-quality PP (Polypropylene) material, known for its durability and resistance to wear and tear. With a length of 15.5cm and a weight of 9g, this hoof pad is lightweight yet sturdy, making it easy to handle and apply.

Protecting your cows' hooves is crucial for their overall health and performance. The cow hoof pad acts as a buffer between the hooves and the ground, reducing the risk of injuries and discomfort. By using the Hoof Pad And Glue product, you can prevent common hoof problems such as bruising, cracks, and infections, ensuring that your cows remain healthy and productive.

Whether you are a seasoned livestock farmer or a new owner, the cow hoof pad is a must-have accessory for your herd. Easy to use and maintain, this product can be applied quickly and securely using the included glue, providing instant relief and protection to your animals. Investing in the Hoof Pad And Glue product is investing in the well-being of your cows. By incorporating this essential tool into your hoof care routine, you can extend the lifespan of your livestock, improve their comfort, and enhance their overall performance.

Give your cows the care and attention they deserve with the Hoof Pad And Glue product. Order yours today and experience the difference it can make in the health and happiness of your animals.

Features:

Product Name: Hoof Pad And Glue

Model: HL-Q30C-1

Material: PP (Polypropylene)
