Product Description

Product Description:

Introducing the Hoof Pad And Glue, a reliable and effective solution for maintaining and repairing Cow Hoof Pads with ease. This product, model HL-Q30B-4, is designed to provide exceptional support for Wooden, Rubber, and Foam Hoof Pads, ensuring the well-being and comfort of your livestock.

With a weight of 317g and dimensions of 7.5*19CM, this Hoof Pad And Glue product offers a generous volume of 210ml, allowing for multiple applications and long-lasting results. Whether you are a farmer, veterinarian, or animal caretaker, this product is a must-have in your toolkit for hoof care.

The specialized formula of the Hoof Pad And Glue is crafted to adhere securely to various types of hoof pads, providing a strong and durable bond that withstands daily wear and tear. This ensures that Cow Hoof Pads remain intact and functional, promoting the health and stability of your livestock.

Utilizing this product is straightforward and hassle-free, making it suitable for both professionals and amateurs alike. Simply apply the Hoof Pad And Glue to the desired area, press the hoof pad firmly in place, and allow it to set for optimal results. The quick-drying nature of the glue ensures efficient application, saving you time and effort.

When it comes to maintaining Cow Hoof Pads, quality and reliability are paramount. The Hoof Pad And Glue product excels in both aspects, offering a cost-effective solution that delivers exceptional performance and durability. Say goodbye to frequent hoof pad replacements and repairs, and experience the convenience and peace of mind provided by this innovative product.

Invest in the Hoof Pad And Glue today and elevate your hoof care routine to new heights. Enhance the longevity and functionality of Cow Hoof Pads with a product that is trusted by professionals and recommended by experts in the field. Your livestock deserve the best, and this product delivers on all fronts.

Applications:

ChuangPu Hoof Pad Glue(AB Glue) is a reliable product designed to meet the needs of 6 - 7 cow hooves. With a size of 7.5*19CM and a weight of 317g, this model (HL-Q30B-4) from CHINA is perfect for various applications in the agricultural industry.

The Hoof Pad Glue is specifically crafted for cow hoof pad repair, providing a durable and long-lasting solution. Its strong adhesion properties ensure that the hoof pad stays securely in place, even in challenging environments. Whether it's for routine maintenance or emergency situations, this product offers a dependable option for farmers and veterinarians.

One of the key application occasions for the ChuangPu Hoof Pad Glue is during hoof trimming sessions. By using this product, professionals can securely attach the hoof pad back to the cow's hoof, promoting comfort and preventing further damage. Additionally, in cases of injuries or cracks in the hoof pad, this glue can provide temporary support until proper treatment is administered.

Another common scenario where the Hoof Pad Glue comes in handy is during cattle shows or competitions. Farmers can use this product to quickly address any issues with the cow's hooves, ensuring that the animal is in top condition for the event. Its easy application process makes it a convenient choice for busy farmers looking to maintain the health and appearance of their livestock.

Overall, the ChuangPu Hoof Pad Glue(AB Glue) is a versatile and essential product for anyone involved in cow hoof care. Its reliability, ease of use, and effectiveness make it a must-have in any agricultural setting where cow hoof pad maintenance is a priority.
