Product Description:

The Milk Shell product, also known as the Classic Milking Teat Cup, is an essential tool for efficiently collecting milk from goats and cows. Made of high-quality plastic, this milking shell cup is designed to be durable and long-lasting, making it a reliable choice for daily milking tasks.

With a round shape and weighing 78g, the Milk Shell product is lightweight and easy to handle during the milking process. Its ergonomic design ensures a comfortable grip, allowing users to milk their animals with ease and precision.

Whether you are milking goats or cows, the Milk Shell product is a versatile tool that can meet your milking needs. Its sturdy construction and durable material make it suitable for regular use, ensuring consistent performance over time.

The Goat Milk Shell, also known as the Milking Shell Cup, is an indispensable accessory for dairy farmers and homesteaders who rely on fresh milk from their animals. Its efficient design allows for quick and effective milking, helping to streamline the milking process and increase productivity.

By using the Cow Milking Cup, farmers can ensure that their animals are milked hygienically and comfortably, promoting the health and well-being of both the animals and the consumers who rely on their milk. The durable construction of the Milk Shell product ensures that it can withstand daily use and cleaning, making it a practical and reliable choice for any milking operation.

Features:

Product Name: Cow Milk Shell

Material: Plastic

Size: 140mm/42mm/26mm

Function: Protect The Milking Inflation

Features: Durable And Not Easily Damaged

Color: Black

Technical Parameters:

Name	Classic Milking Teat Cup
Compatibility	Universal
Shape	Round
Material	Plastic
Weight	78g
Function	Protect The Milking Inflation
Animal	Cow
Durability	Durable
Features	Durable And Not Easily Damaged
Size	140mm/42mm/26mm

Applications:

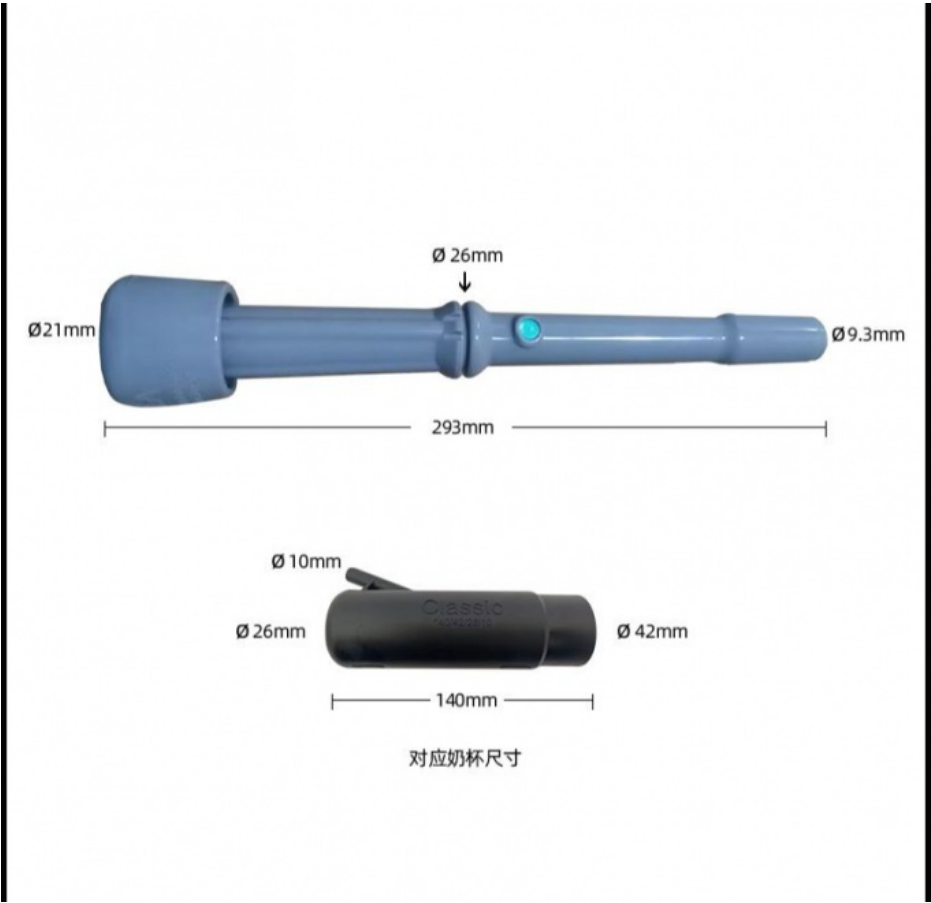

The Chuangpu HL-MP27F Milk Shell is a versatile product designed for various milking applications in dairy farms. Its classic milking teat cup design makes it suitable for use with both cows and goats, offering a convenient solution for milking operations.

This durable milk shell is made to withstand the rigors of daily milking routines, ensuring long-lasting performance even in high-volume milking scenarios. The black color and round shape of the milk cup add a touch of elegance to the milking process, making it both functional and aesthetically pleasing.

Whether you are milking a small herd of goats or a large group of dairy cows, the Chuangpu HL-MP27F Milk Shell is compatible with a wide range of milking equipment, making it a universal solution for dairy farmers. Its versatility and durability make it an ideal choice for various milking occasions and scenarios.

From daily milking routines to special milking events, the Chuangpu HL-MP27F Milk Shell provides a reliable and efficient milking

experience. Its classic design and durable construction ensure that it can withstand frequent use without compromising on performance. Whether you are a small-scale dairy farmer or a large commercial dairy operation, the Chuangpu HL-MP27F Milk Shell is a must-have accessory for your milking equipment. Trust in its quality, durability, and compatibility to enhance your milking process and optimize milk production.
