Product Description:

The Cattle Mattress is a premium quality cattle rug cushion designed to provide optimal comfort and support for cattle and cows. Weighing 45KG per piece, this animal comfort pad is specifically tailored to meet the needs of bovine animals, ensuring their well-being and comfort.

With a thickness of 17mm, this cattle mattress offers a perfect balance of softness and support, creating a cozy and inviting resting place for your livestock. The black color of the mattress not only complements the natural surroundings of a barn or pasture but also hides dirt and stains, maintaining a clean and polished look.

Designed to prioritize the comfort of cattle and cows, this bovine comfort cushion is crafted from high-quality materials that are gentle on the animals' skin and provide a plush surface for them to lay on. The soft and supportive nature of this mattress helps prevent pressure points and discomfort, allowing the animals to rest peacefully and promote their overall well-being.

Whether used in a barn, stable, or pasture, the Cattle Mattress is a versatile and essential accessory for any cattle or cow owner looking to enhance the living conditions of their livestock. The durable construction of the mattress ensures long-lasting performance, making it a reliable investment for the comfort and health of your animals.

Provide your cattle and cows with the ultimate relaxation experience with the Cattle Mattress. Order yours today and witness the difference in your animals' comfort and happiness!

Features:

Product Name: Cattle Mattress

Comfort: Soft And Supportive (bovine comfort cushion)

Easy to clean: Yes

Size(LxW)	1830x1220mm
Non-toxic	Yes
Breathable	Yes
Suitable for	Cattle, Cow
Packing	Pallet
Weight	45KG/PCS
Color	Black
Hardness	55-65

Applications:

The Chuangpu HL-MP49 Cattle Mattress is a high-quality livestock bedding mat designed specifically for cattle to provide comfort and support in various applications and scenarios.

With its anti-slip feature, this cattle rug cushion ensures that the mat stays securely in place, even in high-traffic areas or when the cattle are moving around. This makes it ideal for use in dairy farms, cattle ranches, and livestock barns where the safety of the animals is a top priority.

Manufactured in China, this non-toxic cattle mattress is made of high-density rubber material, guaranteeing durability and long-lasting performance. The 17mm thickness of the mat offers sufficient cushioning for the cattle while the hardness level of 55-65 provides the right balance of comfort and support.

The Chuangpu HL-MP49 Cattle Mattress is suitable for a wide range of product application occasions and scenarios. It can be used in cattle stalls, pens, and feeding areas to create a comfortable and hygienic environment for the livestock. The mat can also be placed in cattle trailers or transport vehicles to ensure a smooth and stress-free journey for the animals. Whether for temporary bedding during cattle shows or as a permanent fixture in cattle housing facilities, this livestock rug cushion offers versatility and practicality. Its easy-to-clean surface makes maintenance hassle-free, saving time and effort for the caretakers. In conclusion, the Chuangpu HL-MP49 Cattle Mattress is a reliable and efficient solution for enhancing the well-being of cattle in various settings. Its anti-slip design, non-toxic material, and optimal thickness and hardness levels make it a top choice for farmers and ranchers looking to provide the best care for their livestock.
