Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-MP17
- Minimum Order Quantity: One Set
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 7-10 working days
- Payment Terms: T/T, Western Union, Paypal
- Supply Ability: 500SETS/Month

Product Specification

- Protection Level: IP55
- Animal: Cow, Cattle, Goat
- Color: Silver/Blue
- Wattage: 550W
- Blade Material: 430 # Stainless Steel
- Mounting Type: Wall Mount
- Voltage: 380V 50Hz
- Fan Diameter: 1m

Product Description:

The Cow Barn Fans are essential equipment for providing efficient ventilation and cooling in livestock barns, specifically designed for ranches and dairy farms. These fans are designed with a fan diameter of 1m, making them ideal for circulating air and maintaining a comfortable environment for the animals.

The blades of these fans are crafted from high-quality 430 # Stainless Steel, ensuring durability and long-lasting performance. With 4 blades, these fans are optimized for maximum airflow and efficiency, making them perfect for livestock barn cooling.

Powered by electricity, these fans are convenient to use and provide a reliable source of ventilation for the barn. The electric power source ensures consistent operation, allowing for continuous airflow to keep the barn environment comfortable for the livestock.

Available in a sleek Silver/Blue color combination, these fans not only provide functionality but also add a touch of style to the barn environment. The attractive design of these fans complements the overall aesthetics of the barn while providing essential ventilation and cooling.

Whether you are looking for Ranch Barn Ventilation Fans, Dairy Cow Barn Ventilators, or Livestock Barn Cooling Fans, these Cow Barn Fans are the perfect solution to maintain optimal air quality and temperature in your barn. Invest in these high-quality fans to create a comfortable and healthy environment for your livestock.

Features:

Product Name: Cow Barn Fans

Blade Thickness: 1mm

Model: Farm Fan

Power Source: Electric

Blade Material: 430 # Stainless Steel

Wattage: 550W

Technical Parameters:

Parameter	Value
Animal	Cow, Cattle, Goat
Model	Farm Fan
Color	Silver/Blue
Protection Level	IP55
Voltage	380V 50Hz
Blade Material	430 # Stainless Steel
Airflow Capacity	32000m ³ /h
Fan Diameter	1m
Noise Level	69 DB
Number Of Blade	4

Applications:

Chuangpu HL-MP17 Cow Barn Fans are the ideal solution for improving airflow and ventilation in ranch barns, especially those housing cows, cattle, and goats. These powerful fans, with a diameter of 1m and 4 blades, are designed to provide efficient cooling and air circulation in dairy barns and livestock facilities.

With an airflow capacity of 32000m³/h, these Cow Barn Fans from Chuangpu are perfect for maintaining a comfortable environment for animals, helping to prevent heat stress and improve overall well-being. The fans are specifically crafted to meet the ventilation needs of barns where cows, cattle, and goats are housed, ensuring proper air flow and temperature control.

Whether it's a hot summer day or a stuffy barn environment, Chuangpu HL-MP17 Cow Barn Fans are the go-to cooling units for dairy

barns. The 550W wattage of these fans ensures powerful performance while remaining energy-efficient, making them a reliable and cost-effective solution for barn ventilation.

These fans are proudly manufactured in China, guaranteeing high-quality craftsmanship and durability. The Chuangpu brand is synonymous with reliability and innovation, making their Cow Barn Fans a trusted choice for farmers and livestock owners looking to enhance airflow and air quality in their barns.

Investing in Cow Barn Fans from Chuangpu is a smart choice for anyone seeking to improve the air flow and ventilation in their ranch barns. With their superior performance, energy efficiency, and suitability for cow, cattle, and goat environments, these fans are the perfect dairy barn air flow equipment for maintaining a healthy and comfortable atmosphere for livestock.
