Product Description

4 Buckets Mobile Milking Machine for Cow Sheep Goat Farm

The 4 Buckets Mobile Milking Machine is designed for efficient milking of cows, sheep, and goats on farms. Its portable design and dual power options make it ideal for various farming environments.

Key Advantages

- CE and ISO certified for quality assurance
- Secure wooden crate packaging for safe transportation
- Comprehensive after-sales service and support
- Overseas engineer service available with 1-year warranty

Product Description

Traditional milking machines often fail to meet requirements in remote areas with limited electricity access. Our solution features both electric and diesel motor options, providing flexibility and convenience while reducing labor costs and improving efficiency.

Note: Electric and gasoline motor options also available.

Applications

This portable milking equipment is suitable for dairy cows, goats, and sheep, making it versatile for various farm operations.
