

TMR Mixers Feed Scattering Machine For Dairy Farm , Feed Spreader

Our Product Introduction

for more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: HL
- Certification: CE ISO SGS
- Model Number: HL-S4
- Minimum Order Quantity: 1 Set
- Price: Negotiation
- Packaging Details: Standard Packaging
- Delivery Time: 5-10 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 20 Sets/Month

Product Specification

- Model: HL-S4
- Capacity: 4m³
- Back Drive Type: Hydraulic Transmission Chain
- Spreading Type: Hydraulic Transmission Belt
- Power: 18 HP
- Vehicle Type: Tricycle
- Highlight: vertical feed mixer, cattle feed mixer

Product Description

TMR Mixers Feed Scattering Machine For Dairy Farm , Feed Spreader

When Feed spreader drives to the designated feeding place, firstly turn on the meter small transport control switch (left and Right), then turn on the big transport control switch and at the same starting spreader vehicles to make feeding. Turn off the big transport control switch when need stop feeding spreading, and then stop small transport control switch.

1. This machine uses agricultural tricycle for transporting, powerful but low-power, better trafficability;
2. Maneuverability is strong, with small turning radius, more flexible and convenient;
3. Reduce labor intensity and reduce feeding costs;
4. It can be spread on both sides, feeding more quickly and efficiently;
5. Feed spreading quickly, can adjust the feed rate spreading;
6. The overall hydraulic drive, with failure low and easy maintenance;
7. Canopy cab or fully enclosed cab control of all drives;
8. The high-pressure pipe connections, no oil leakage;
9. Batch putting forage for cattle and sheep farm feeding grouping, for all size pastures;
10. Can be customized for weighing systems;
11. The small spreader is more suitable for stationary mixing plants, low fuel consumption, high efficiency and speed;

Function of Feed Scattering Machine For Dairy Farm , Feed Spreader:

Feed spreader main function is to directly throw in the finished feed ration area for once completed feeding, widely used in agricultural farming areas and medium-sized farms and farm communities regulate feeding operation.

After mixing various of pasture, straw, silage and other fibrous feed mixing, and then put those in the spreader car, and then make the spreading feeding operations.

Easy to use, easy to operate, reliable product quality, durable, sprinkle material feeding process can be adjusted according to the density of the material users laps places livestock, high efficiency, saving time and labor-saving farm space.

Feed spreader for total mixed ration can enable carbohydrates, fat, Cellulose and other nutrients in the rumen be simultaneously used, for reproduction rate and yield vitamins rumen bacterial proteins can be greatly improved. Simplifying feeding procedures, reducing feeding randomness, so that greatly enhance the precision level management; implement clustering management, then with mechanical feeding, improve labor productivity, reduce labor rate costs.

The main structure of Feed Scattering Machine For Dairy Farm , Feed Spreader:

The Feed Scattering Machine For Dairy Farm , Feed Spreader consists of two parts: motor tricycle (automotive) and feed spreading system components. Motor tricycle (automotive) is mainly engaged in the transport walking and spreading the material power, feed spreading system reply on the main conveyor and conveyordrive to complete the small feeding.

Specification of Feed Scattering Machine For Dairy Farm , Feed Spreader:

Model	HL-S4
Capacity	4m ³
Back Drive Type	Hydraulic Transmission Chain
Spreading Type	Hydraulic Transmission Belt
Power	18 HP
Vehicle Type	Tricycle
Dimension(L*W*H)	3900*1460*2160

CERTIFICATE

ATTESTATION CERTIFICATE OF MACHINERY DIRECTIVE

Technical file of the company mentioned below has been inspected and audit has been completed successfully.

2006/42/EC Machinery Directive has been taken as references for these processes.

Company Name : **Hallian Packaging Equipment Co., Ltd**
Company Address : Economic Development Zone, Yangshe Town, Zhangjiagang City, China

Manufacturer Name : **Zhangjiagang Chuangpu Machinery Co., Ltd**
Manufacturer Address : Economic Development Zone, Yangshe Town, Zhangjiagang City, China

Related Directives and Annex : **Machinery Directive 2006/42/EC / Annex VIII**

Related Standards : **EN ISO 12100:2010; EN 60204-1:2006+A1:2009+AC:2010**

Product Name : **TMR Feeding Mixer**

Report No and Date : **SD-9004536-MD**

Product Brand/Model/Type : **9TMR-2, 9TMR-3, 9TMR-4, 9TMR-5, 9TMR-6, 9TMR-7, 9TMR-9, 9TMR-10, 9TMR-12, 9TMR-15, 9TMR-18**

Certificate Number : **M.2015.103.4653**
Initial Assessment Date : **03.06.2015**
Registration Date : **04.06.2015**
Reissue Date/No : **-**

UDEM International Certification
Auditing Training Centre Industry
and Trade Co., Ltd.

The currency of the certificate can be checked through www.udemtd.com.tr. The CE mark shown on the right can only be used under the responsibility of the manufacturer with the completion of CE Declaration of Conformity for all the relevant Directives. This certificate remains the property of UDEM International Certification Auditing Training Centre Industry and Trade Co., Ltd. to whom it must be returned upon request. The above named firm must keep a copy of this certificate for 15 years from the registration of certificate. The above named firm must notify of changes related with the approved type to UDEM. If UDEM will not renew expiry date of this certificate in question.

CERTIFICATION
INTERNATIONAL

Certificate of Registration

This is to certify that

ZHANGJIAGANG CHUANGPU MACHINERY CO., LTD.

Organization code: 09407228-2

Registered address: Room 10, No.650, Jingang Avenue, Yangshe Town,
Zhangjiagang City, Suzhou City, P.R.China

Audited address: Zone B, No.650, Jingang Road, Economic Development Zone,
Zhangjiagang City, Jiangsu Province, P.R.China

Has been assessed as conforming to meet the requirements of

ISO9001: 2008

for the scope of activities

**Processing and manufacture of machinery and accessories for
animal husbandry, sales of mechanical equipment and parts.**

Certificate No: CI/133635Q

Issue Date: 2 December 2014 Valid until 1 December 2017

Subject to adherence to the agreed ongoing audit programme, successful endorsement of certification following each audit
and compliance with CI Regulations

Signed for and on behalf of

General Manager

063

Note: According to the certification requirements, the interval
between the annual surveillance audit and the last spot audit
cannot exceed twelve months.

The certificate information is valid on: Our company Web: www.ci-c.com.cn ; CNCA official web: www.cnca.gov.cn
