Description:

The cattle stalls calf free stall is another necessary farm equipment for the free stall barn / shed, plays the same role with the head lock in the dairy farm. Usually, the cattle stalls calf free stall with galvanized headlock and cow rubber mat used in combination.

The hot dip galvanizing cattle stalls calf free stall is custom tailored according to the animal body shape, could provide the rest place for animal. the most important function for the cattle stalls calf free stall is to make sure animals have a good sleeping. Good cattle stalls calf free stall will make animals have less disease, mastitis, nipple damage.

The stall is made with hot dipped galvanized steel pipe, the pipe outer diameter is 61mm, the pipe thickness = 3mm, and with 0.2mm galvanizing layer. Single row cattle stalls calf free stall and double cattle stalls calf free stall for choosing. Both two types cattle stalls calf free stall are suitable for dry cow, pregnancy cow, lactating cow, young cow, growing cow, heifer, weaning cow.

Features:

1. The cattle stalls calf free stall be made of galvanized pipe: anti-corrosion, acid proof and durable;
2. The cattle stalls calf free stall is durability, due to the suspended construction;
3. The cattle stalls calf free stall shoulder rail height 120 cm, therefore plenty of room for getting up and laying down;
4. The cattle stalls calf free stall independent and clean: improve the animal sleep quality & milk production
5. The cattle stalls calf free stall has unique and cow-friendly design: avoid in bruising when animal stands up or rest, and ensure the animal safety, also freedom when resting due to the special design;
6. The cattle stalls calf free stall is easy to clean and install, meadow mattress can be placed without any problem ;
7. The cattle stalls calf free stall is cold bending forming, be linked by bolted, overall without welding, strong and durable pipe, it is not easy to rust and distort;
8. The cattle stalls calf free stall specification flexible: completely according to the animals age and shape design the length and width, adjustable in height and width, convenient to lie-down, and easy entry and exit easy.
