

25 Liter High Speed Portable Milking Machine For Household Cow

Our Product Introduction

for more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China Mainland
- Brand Name: HL
- Certification: CE, ISO, FDA,SGS
- Model Number: HL-JN09
- Minimum Order Quantity: 1 Set
- Price: USD
- Packaging Details: Wooden Crate
- Delivery Time: 5 - 7 days
- Payment Terms: T/T, Western Union, MoneyGram,Paypal
- Supply Ability: 1000 Sets/Month

Product Specification

- Item: Mobile Milking Machine
- Name: Diesel Engine Cow Portable Milk Milking Machine
- Power: Petrol
- Animal: Cows , Cattle
- Pump: Vacuum Pump
- Speed: 3600r / Min
- Highlight: dairy milking machine, small milking machine

Product Description

25 Liter High Speed Portable Milking Machine For Household Cow

Quick Details:

- Item: Diesel Engine Cow Portable Milk Milking Machine
- Power: diesel engine
- Milk Bucket Volume: 25 Liter
- Milk Bucket Quantity: 2 pieces
- Milk Bucket: stainless steel milk bucket;
- Milk Cup Group: cow milk cup group / milking cluster group
- Transparent Tube: Made of food grade material, transparent PVC material, approved by SGS certificate;

Specification:

Model	HL-JN08	
Vacuum Degree	0.04-0.05Mpa(adjustable)	
Power	5HP	
Pulsation Times	64-80 times per minute	
Pulsation Rate	60:40	
Productivity	10-12 cows / hour	20-24 cows / hour
	20-30 goats / hour	40-60 goats / hour
Speed	3600 r/min	
Bucket Quantity	1 pieces(25L)	2 pieces(25L)
Certificate	ISO , CE, SGS, FDA	

Stainless Steel Milk Bucket:

Volume	Base Dia.	Mouth Dia.(OD)	Height	Thickness	Weight
25L	310mm	190mm	480mm	0.8mm	4.5kg

Description:

The diesel engine cow portable milk milking machine is one kind of the vacuum pump type milking machine, it does not need electricity to suck milk. The diesel engine cow portable milk milking machine is more suitable for some areas of lacking power, or without electricity. The diesel engine cow portable milk milking machine contains milk pulsator, vacuum pump, vacuum meter, transparent milk tube, transparent pulse tube, milking cluster group, stainless steel milk bucket and painted iron frame / brackets. This diesel engine cow portable milk milking machine could operate movably, convenient and flexible and no space constraints.

The diesel engine cow portable milk milking machine is also suitable for different animals for milking, like cows / cattle, yak, goats, sheep, camel, need change the milk cup group / milking cluster group and make some adjustment. The diesel engine cow portable milk milking machine uses stainless steel milk bucket to collect and storage the milk. This diesel engine cow portable milk milking machine is popular in many small and medium farmers, who has about 10 - 12 dairy cows, or 20 - 30 dairy goats / sheep milking, or more, but not more than 100 heads.

The diesel engine cow portable milk milking machine is very popular in some areas of lacking power, or without electricity, it is more popular in South Africa.

The stainless steel milk bucket could use transparent milk bucket to replace, which could observe the fresh milk in the milk bucket directly, and it has the double scale on the milk bucket, so it is easy to measure the milk output. The diesel engine cow portable milk milking machine could install the electric motor on the milking machine.

This diesel engine cow portable milk milking machine has one year warranty, but it could be used for more than 7 - 8 years, except for the wearing parts. Usually the wearing parts (milk liner, milk tube and pulse tube) need change after one year. Technical supporting offered by us forever.

Advantages:

- The diesel engine cow portable milk milking machine be approved by CE, SGS and ISO certificate;
- The diesel engine cow portable milk milking machine has with heavy duty wheel, easy to move and operate;
- The diesel engine cow portable milk milking machine has cheap price but high quality and high efficiency;
- The diesel engine cow portable milk milking machine has stainless steel frame, not easy to rust and broken;
- The diesel engine cow portable milk milking machine has 25 Liter stainless steel milk bucket, easy to clean;
- The diesel engine cow portable milk milking machine be with a long time service life and technical supporting in whole life;

Application:

The diesel engine cow portable milk milking machine usually been used to suck the milk from animals, collect the milk, and then transport the milk into the milk bucket. It is suitable for different animals for milking, like cows / cattle, yak, goats, sheep, camel, just changing the milk cluster group / milk cup group.
