

## Diesel Engine Electric Motor Mobile Sheep Milking Machine 550 l / Min Vacuum Pump Capacity

Our Product Introduction

for more products please visit us on [mobilemilkingmachine.com](http://mobilemilkingmachine.com)

### Basic Information

- Place of Origin: China
- Brand Name: ChuangPu
- Certification: CE SGS
- Model Number: HL-JN03A
- Minimum Order Quantity: 1
- Price: 1480
- Packaging Details: wooden packing
- Delivery Time: 10-15
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 888

### Product Specification

- Material: Stainless Steel
- Bucket Quantity: 4
- Power Fitted: 2.2kw
- Voltage: 380v/40-60hz
- Vacuum Pump Capacity: 550l/min
- Washing Bucket: 60L
- Motor Speed: 1440r/min
- Package: Wooden Case
- Highlight: dairy milking machine, small milking machine

**Product Description****Engine And Electric Motor Cow Milking Machine With Jetter Tray Washing****Product Description****Application:**

The diesel engine and electric motor cow milking machine with jetter tray washing usually been used to suck the milk from animals, collect the milk, and then transport the milk into the milk bucket. It is suitable for different animals for milking, like cows / cattle, yak, goats, sheep, camel, just changing the milk cluster group / milk cup group.

**Quick Details:**

- Item: Diesel Engine and Electric Motor Cow Milking Machine with Jetter Tray Washing
- Power: electric motor and diesel engine
- Milk Bucket Volume: 25 Liter
- Milk Bucket Quantity: 4 piece
- Milk Bucket: stainless steel milk bucket;
- Milk Cup Group: cow milk cup group / milking cluster group
- Transparent Tube: Made of food grade material, transparent PVC material, approved by SGS certificate;

**Description:**

The diesel engine and electric motor cow milking machine with jetter tray washing is one vacuum pump type milking machine, it contains 250litres vacuum pump set(pump, oil can, muffler, vacuum meter, vacuum regulator), electric motor, 2 ports milk pulsator, transparent milk tube, transparent pulse tube, milking cluster group, one stainless steel milk bucket and stainless steel frame / brackets. This diesel engine and electric motor cow milking machine with jetter tray washing could operate movably, convenient and flexible and no space constraints.

The diesel engine and electric motor cow milking machine with jetter tray washing is also suitable for different animals for milking, like cows / cattle, yak, goats, sheep, camel, just changing the milk cup group / milking cluster group. The diesel engine and electric motor cow milking machine with jetter tray washing uses stainless steel milk bucket to collect and storage the milk. This diesel engine and electric motor cow milking machine with jetter tray washing is popular in many small and medium farmers, who has about 40 - 50 dairy cows, or 80 - 120 dairy goats /sheep milking.

The stainless steel milk bucket could use transparent milk bucket to replace, which could observe the fresh milk in the milk bucket directly, and it has the double scale on the milk bucket, so it is easy to measure the milk output. Also diesel engine and electric motor cow milking machine with jetter tray washing could change the diesel engine into petrol / gasoline engine together with electric motor.

This diesel engine and electric motor cow milking machine with jetter tray washing has one year warranty, but it could be used for more than 7 - 8 years, except for the wearing parts. Usually the wearing parts(milk liner, milk tube and pulse tube) need change after one year. Technical supporting offered by us forever.

**Advantages:**

- The diesel engine and electric motor cow milking machine with jetter tray washing be approved by CE, SGS and ISO certificate;
- The diesel engine and electric motor cow milking machine with jetter tray washing has heavy duty wheel, easy to move and operate;
- The diesel engine and electric motor cow milking machine with jetter tray washing has cheap price but high quality and high efficiency;
- The diesel engine and electric motor cow milking machine with jetter tray washing be made of stainless steel frame, not easy to rust and broken;
- The diesel engine and electric motor cow milking machine with jetter tray washing be with 25 Liter stainless steel milk bucket, easy to clean;
- The diesel engine and electric motor cow milking machine with jetter tray washing be with a long time service life and technical supporting in whole life;

**Specification:**

Model	HL-JN03A
Pulsation Rate	60:40
Pulsation Times	60-80 times per minute
Vacuum Degree	50 Kpa
Vacuum Pump	550 l/min
Motor	Copper corn
Voltage	380/50Hz(accept customization)
Power	2.2 kw
Milk Bucket	25 L (4 units)
Productivity	40-50 cows / hour 80-120 goats / hour
Milking Time	5-6 min/cow 3-4 min/goat
Pulse Frequency	60:40
Motor Speed	1440 r / min
Jetter Tray	4 sets
Water Tank	1 unit (60L)
Certificate	ISO , CE, SGS, FDA

**Stainless Steel Milk Bucket:**

Volume	Base Dia.	Mouth Dia.(OD)	Height	Thickness	Weight
25L	310mm	190mm	480mm	0.8mm	4.5kg
